

# FINANCIAL ACCOUNTABILITY

United Way of El Paso County would not be a successful agent for change without the trust and confidence of our donors and volunteers. To continue to earn that trust, we have established a comprehensive set of accountability guidelines that are regularly reviewed by the Finance Committee and Board of Directors. As part of our ongoing efforts to be both accountable and transparent in our operations, our annual audit is available at our website, [www.unitedwayelpaso.org](http://www.unitedwayelpaso.org).

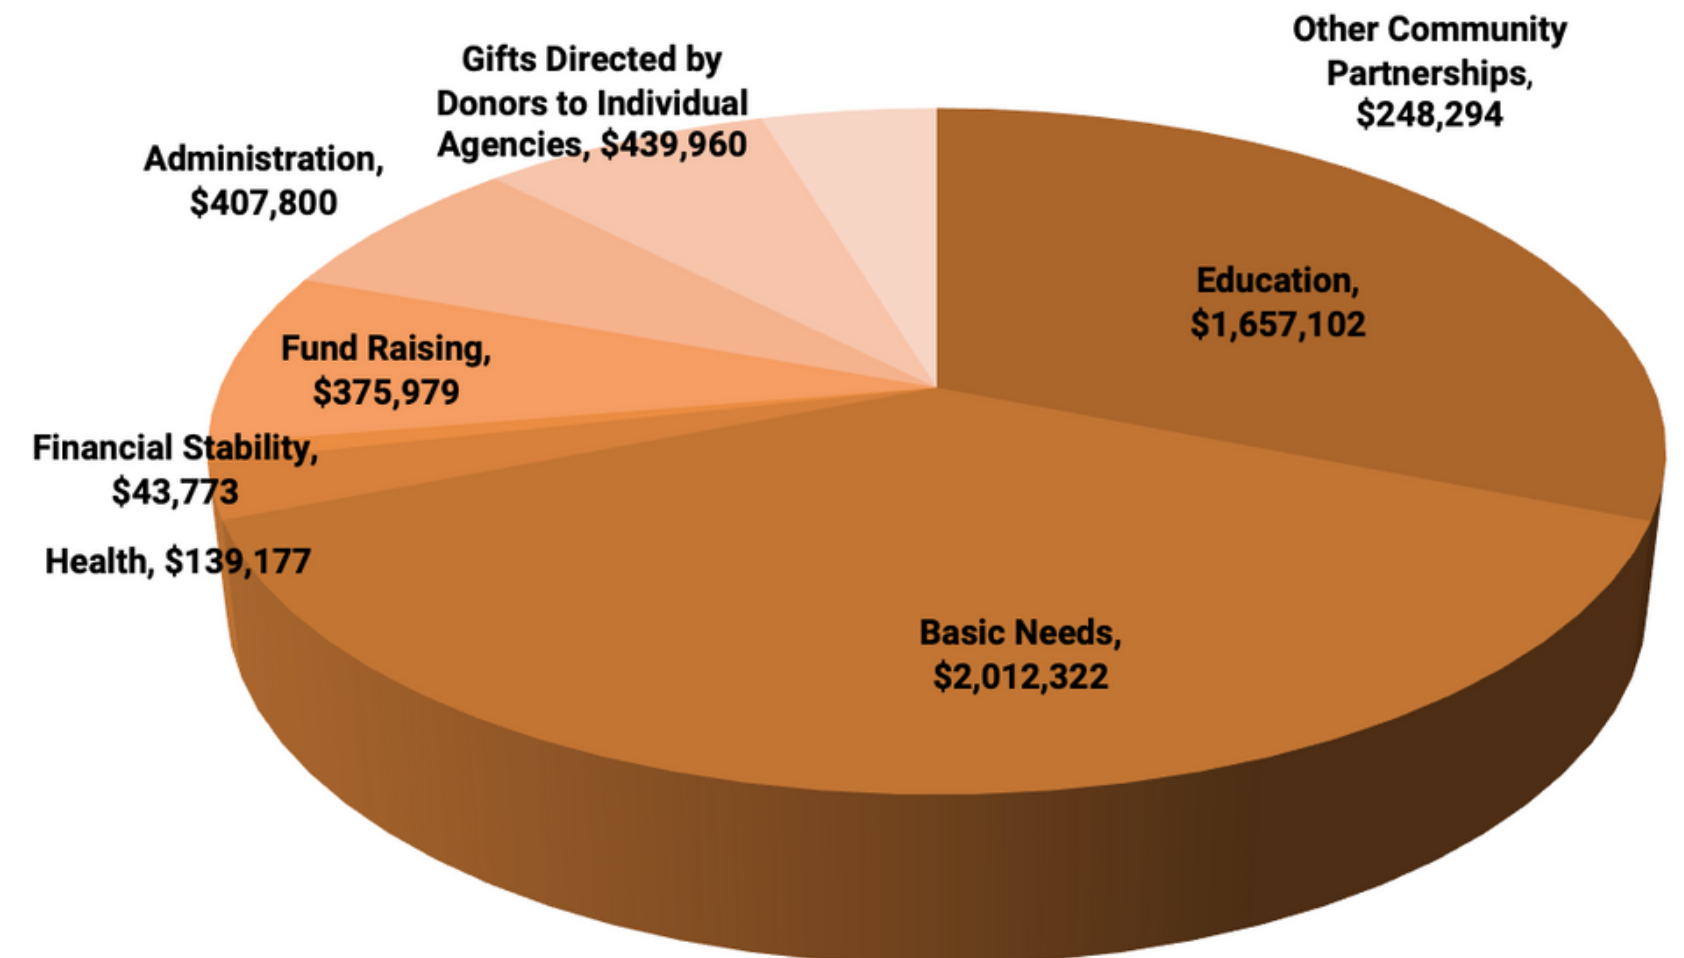

## Community Support:

United Way of El Paso County raises funds through workplace and individual giving, corporate and foundation giving; and through local, state and federal grants

## Distribution of Funds:

Annually, United Way of El Paso County invests in programs and services that are producing long-lasting, measurable results in the areas of Education, Basic Needs, Health and Financial Stability.

Please note: An independent audit of Fiscal Year 2018 by Strickler & Prieto, LLP will be available for review in August 2019. Graphs include contributions designated to specific agencies. United Way of El Paso County does not provide program or fiscal oversight of these contributions. United Way of El Paso County does not charge service-providing agencies a membership or application fee. No fees are charged to agencies for participation in the Community Impact Fund allocation process. The only fees incurred are general administration and fundraising, taken as a percentage for designated donations - currently 5%. These percentages are based on guidelines established by United Way Worldwide. Designated donations are paid based on funds actually received from the donor or his employer, net of the fee withheld to recover administrative and fundraising costs
